

Paid for by Anna for Assembly 2016, PO Box 87, Salinas, CA 93901

“For thirty years, I’ve helped protect our children and families. But I know there’s so much more we need to do. Our families need clean drinking water. Our veterans need affordable housing. Our children need new and improved schools and the best and brightest teachers.

I believe in my heart it can be done. That’s why I want to return to the legislature to continue the work for our families. I know when we all work together, we can achieve our dreams.”

—Democrat Anna Caballero

“WE CAN HAVE A
BRIGHTER FUTURE WHEN
WE WORK TOGETHER.”

ANNA CABALLERO BELIEVES EVERYONE DESERVES A VOICE. When Anna first moved to Salinas in the 1970's, she provided legal assistance to farmworkers in need of fair representation. She ran for City Council, became the first female Mayor of Salinas, served as an Assemblywoman and most recently served as a member of Governor Jerry Brown's Cabinet. Her career has been dedicated to serving us.

ANNA CABALLERO HAS A PROVEN RECORD PREVENTING GANG VIOLENCE. She led a non-profit organization dedicated to preventing gang violence through job training, literacy programs and after-school activities. When she was Mayor of Salinas, gang violence hit an all-time low. In the legislature, Anna will work to fund anti-gang violence programs and put more officers on our streets.

ANNA CABALLERO WANTS TO END POVERTY AND HOMELESSNESS. Through her work with Governor Jerry Brown, Anna helped make housing more affordable for veterans and working families across California. But she knows we have so much more to do to help low-income families be successful. Anna wants to expand the affordable housing programs to more veterans and families and provide subsidies for more people to attend community college and increase their earning power.

ANNA CABALLERO IS A STRONG SUPPORTER OF OUR KIDS AND SCHOOLS. As Mayor, Anna helped save library funding and created programs to reduce childhood asthma rates. She signed a pledge to prevent more school cuts and secured funding to fix schools contaminated with mold and asbestos. We can always count on Anna to protect public schools.

LET'S SEND ANNA BACK TO SACRAMENTO. She'll work with labor leaders, business leaders, local farmers, teachers, parents and administrators to find the best solutions for everyone. We need Anna in the Assembly working for us.
