VOTE FOR DEMOCRAT **ANNA CABALLERO**  
FOR ASSEMBLY ON JUNE 7TH

# ANNA CABALLERO WANTS EVERY CHILD TO HAVE A SAFE AND SECURE FUTURE.

**Anna Caballero wants to end poverty and homelessness.** Through her work with Governor Jerry Brown, Anna helped make housing more affordable for veterans and working families across California. But she knows we have so much more to do to help low-income families be successful. Anna wants to expand the affordable housing programs to more veterans and families and provide subsidies for more people to attend community college and increase their earning power.

**Anna Caballero knows we need good schools to help break the cycle of poverty.** As an Assemblywoman in 2010, Anna signed a pledge to prevent any further cuts to education. She also voted to restore over \$11.2 billion in funding owed to schools and community colleges. Anna expanded access to Kindergarten and wants to further expand access to early childhood education for low-income children.

**Anna always stands with hard working families.** When she first moved in Salinas in the 1970's, Anna provided legal assistance to farmworkers in need of fair representation. In the Assembly, she took a 10% pay-cut in her Assembly salary in order to show solidarity with other government workers whose salaries were being cut.

**Anna wants to finish what she started.** Anna wants to return to the legislature and continue to fight for schools, children and families. Anna will work with labor leaders, business leaders, local farmers, teachers, parents and administrators to find the best solutions for everyone. We need Anna in the Assembly working for us.
